Mr. Werner,  
Per our conversation today, July 29, 2015, we would greatly appreciate you providing us with the supplemental and/or revised list of all potential PRP's identified by the EPA who have now been placed on notice of their designation as a PRP and invited to participate in settlement discussions, relative to the CES Environmental Services Superfund site in Houston.

Thank you for your cooperation and anticipated response,

Best regards,

Terry Womac
